

## Project Fundraising Goal:

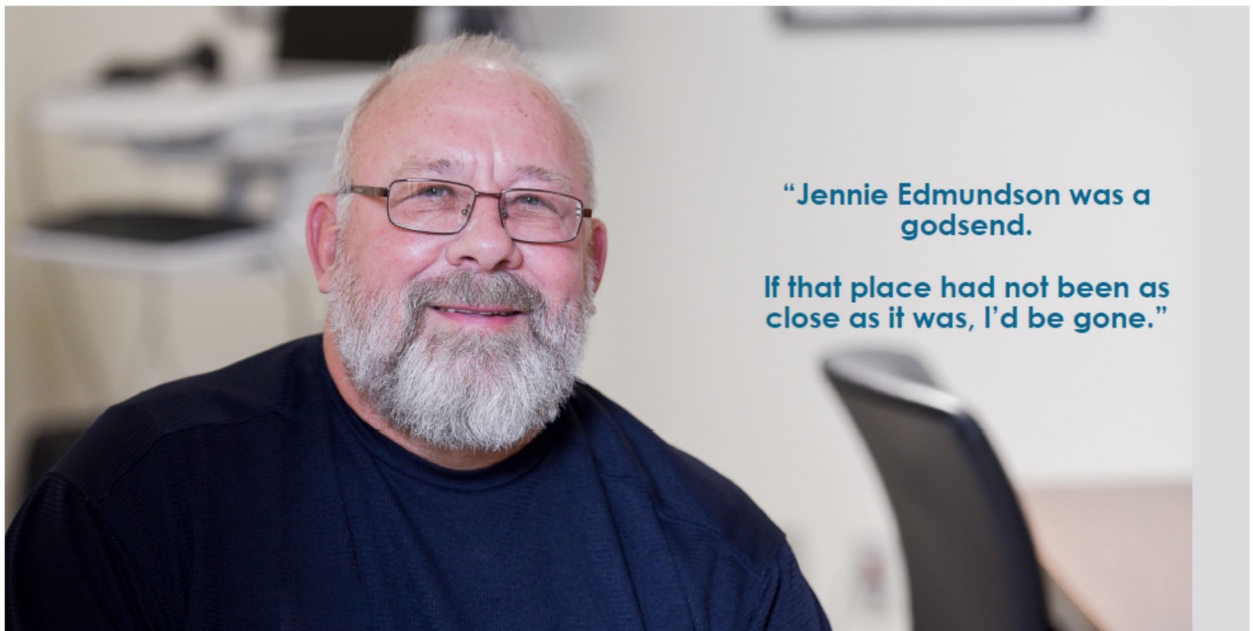

The Jennie Edmundson is raising \$3 million for this critically needed facility. Methodist Jennie Edmundson Hospital is providing the remainder of the \$6million estimated cost.

Philanthropic support is a key element to continue the high-quality, compassionate care to our community. Our generous community creates such a profound impact on the health and well-being for years to come.

Healthcare is continuously evolving, but with the commitment of our community support for Methodist Jennie Edmundson and your confidence in our organization and ability to direct gifts wisely-top-quality medical care is accessible to all of us.
