

Volunteer of the Month

Donna Hubbell

After spending 48 years at Methodist Jennie Edmundson Hospital, volunteering was the perfect way to stay connected to the place she has always called home. She joined the hospital right after high school and built a rewarding career that began in nursing and eventually led to her role as Vice President of Patient Safety and Quality.

Throughout her career, caring for patients and working alongside dedicated colleagues brought her great satisfaction. "I loved the team's commitment to providing the highest quality care," she says. "When I retired, I realized how much I missed my MJE family."

Today, she volunteers in the Gift Shop, where she enjoys visiting with patients, families, and employees. Hearing positive stories about the care patients receive and reconnecting with longtime coworkers makes every volunteer shift meaningful. "It's wonderful to continue giving back to the organization and community that have meant so much to me."

Outside of volunteering, she enjoys gardening with her husband, Tom, spending time with Lucy, their energetic Husky mix, and visiting their grandchildren in Minnesota and Omaha. Whether she's cheering at sporting events or helping in the Gift Shop, she continues to make a positive difference wherever she goes.
