

## Message from Peggy Christ Auxiliary President

While living through the record floods and heat wave this summer MJEH was involved in a number of significant events: the Wheels of Courage car show, RAGBRAI and the Spirit of Courage. Late June was the annual Wheels of Courage car show, a fund raiser for the Spirit of Courage Charitable Cancer Patient Care Fund. This event has been organized and sponsored by a group of car loving people spearheaded by Pat Miller, Jeremy Noel and Carol Elder who spend their nights and weekends promoting the Wheels of Courage. It was enjoyable walking amongst all the vintage cars and the souped up hot rods (a living history lesson of the last 80 years). For five years now, Quaker Steak and Lube has been the site of this event. The silent auction items provided spirited bidding and the addition of a car raffle (a beautiful 1999 red Pontiac Firebird) raised a lot of money the day of the event. Funds raised from registration fees, merchandise sales, and 50/50 raffles at car shows throughout the summer brought in approximately \$30,000 for the Charitable Cancer Patient Care fund.

In July RAGBRAI made Council Bluffs its starting point. On Saturday, July 20th, Jennie raised a large tent providing medical aid and support as needed for the riders. The tent supplied physicians, nurse practitioners, physical therapists and athletic trainers to meet the needs of this famous bike ride.

August ushered in our big fundraiser for the Spirit of Courage Cancer Center Charitable Patient Care Fund. The Spirit of Courage weekend started off with a golf outing featuring 30 celebrities and teams at Dodge Riverside Golf Course, followed by a Gala at the Mid America Center, featuring silent and live auction packages for 600+ guests. The fun continued on Sunday with a "Texas Hold'em" poker tournament.

A big thank you to the many donors of auction items, volunteers for the generous donations and the help you provided at these events and all who gave money for our Charitable Patient Care Fund.

## Foundation Update

Tara Slevin  
Vice President, Development & Volunteer Services

### MEDI-BUS Program keeps rolling with your help!

The Jennie Edmundson Foundation Medi-Bus program plays an important role in supporting the healing and recovery process for hundreds of patients each year. In 2018 alone, the Medi-Bus traveled over 27,000 miles, providing reliable transportation to patients in need of chemo and radiation therapy as well as many other outpatient services such as physical therapy, wound therapy, and cardiac rehab.

**Thanks to the generosity of many individuals, foundations, and the MJE Gift Shop, the Medi-Bus service continues to be a FREE service for our patients.**

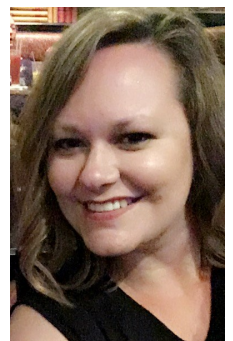

After almost ten years of service, our current Medi-Bus is approaching the end of its road. It has had a good run, but in order to ensure that our patients will continue to have a safe and comfortable ride, we are putting together a campaign to purchase a new bus. Our volunteers are playing a vital role by raising funds to cover the cost of salaries, fuel, and routine maintenance. Donations support 100% of Medi-Bus costs!

As we embark on our next campaign, we are honored to have the support and leadership of our gift shop and auxiliary to ensure that the hope of a new bus will become a reality. If you would like to become involved in the campaign and/or share a Medi-Bus story, please let us know.

More information to come! Thank you in advance for your ongoing support and leadership!

### Have you heard the news?

Courtney Killion is the newest member of our Volunteer and Foundation team! Courtney begins her role as Volunteer Coordinator in mid-September. While Courtney is new to the position, she is certainly not new to Methodist Jennie Edmundson employees and volunteers who have worked alongside her at many of our community events over the past several years. In addition to helping with volunteer recruitment and fundraising, Courtney has carried out duties ranging from setup to clean-up. Courtney will be responsible for revamping our teen volunteer program as well as working closely with our volunteer program, helping to organize marketing and awareness events, and assisting with foundation programs.

Jill will work closely with Courtney during her orientation and training period. After Courtney's initial training is complete, Jill will help us build our Planned Giving Program as well as major fundraising campaigns. Welcome, Courtney!

### New Adult Volunteers

**Michael Blank**  
Emergency

**Sharon Manz**  
Gift Shop

**Samantha Falknor**  
OPS / ER

### Attention Lobby Desk Volunteers

New procedure—For those of you who provide support in the East and West Lobbies, there has been a change in the Cerner Person Locator tool. The Gold Star is no longer an indicator of a patient's status. In it's place you will now find the letters VIP. If VIP is listed to the left of a patients name, this means we have no information to share about this patient, nor can we accept mail or flowers on their behalf. If the visitor insists on a room number for this patient they will need to contact the family for further direction.

### Susan Holly

July 2019

### Board Award Recipient

Our July Board Award recipient, Susan Holly, has been a volunteer since 2010 – volunteering in a variety of areas throughout the hospital and beyond. Her initial support began in the Gift Shop where she and her husband, Rink, could be found volunteering at least once a week.

Now Susan spends her time supporting the

Volunteer Services/Foundation office staff by answering phones and working on various projects and mailings. In addition to her in-hospital support, she has also assisted with blood drives, folding t-shirts (Pink Out, Wheels of Courage and Bald and the Brave), provided marathon support and Spirit of Courage support through the auction committee and hospitality tent support at the annual golf outing. Susan is a member of the WCA and is also a former Jennie employee. Since she spent many years as Executive Assistant to the hospital President and CEO, she also helps out in the Administration office from time to time. In January she took on a new challenge when she became Vice President of Fundraising for the Auxiliary. In addition to holding down this office, she is also recording secretary for the Auxiliary Board. Congratulations to Susan Holly, our July Board Award

### Marsha Underwood

May 2019

### Volunteer of the Month

Marsha Underwood is our May Volunteer of the Month. Marsha joined the volunteer ranks in February 2013 where her main focus was the East Lobby. She was gradually introduced to the West Lobby, Oncology, and Outpatient Surgical Services, before finally settling on East Lobby as her favorite area to support. It has just the right amount of interaction with guests and volunteers; yet there's still time to crochet or do word search books. You'll find Marsha volunteering in the hospital at least three days a week, even more if Jill catches her in a weak moment. She teases that she's going to quit but she knows we'd miss her as much as she'd miss us. Like many other volunteers, Marsha is also a former employee. Volunteering at Jennie allows her to keep up with former co-workers. Marsha is very flexible and when possible is willing to fill last minute openings. It's these attributes that make her an obvious choice as our May Volunteer of the Month.

### Charles Rohrssen

June 2019

### Volunteer of the Month

Our June Volunteer of the Month is Charles Rohrssen. Charles began volunteering in December 2017 at the suggestion of his grandfather, Dick Graeme, a big Jennie Foundation supporter. Charles can be found most mornings on third floor supporting the Volunteer Services staff. His duties include: answering phones, hauling supplies all over

the hospital, tallying service area monitor sheets, data entry, hospital projects, Gift Shop backup, used book review, and much much more. Charles has logged in over 1,500 hours since 2017 and in 2018 ranked #2 in total hours donated in a year. A mere 33 hours separated Charles from Marsha Underwood, our overall top hours volunteer in 2018. Congratulations and a big thank you to Charles Rohrssen our June volunteer of the month.

# Iowa Donor Network

by Jill Killion, Director Foundation & Vol. Services

On Thursday, August 15th, MJE Retired Employees and Volunteers were treated to an eye opening program by John Jorgensen, Donation Services Coordinator for the Iowa Donor Network.

Did you know:

- Currently in the U.S. 113,000+ men, women and children are awaiting a life-saving transplant.
- In Iowa, 600+ Iowans are waiting for transplants.
- Every day 22 people die while waiting for a transplant, while every 10 minutes another name is added to the national transplant waiting list.

Obviously, there is quite a need for donors. The Iowa Donor Network's role is to educate and inspire Iowans to register as organ and tissue donors. Additionally, staff fulfills the decisions of designated donors, partnering with, and supporting families through end-of-life and grieving. Clearly this is no small task.

One donor can save the lives of up to 8 people and enhance the lives of more than 300 people. Surprisingly, anyone can be an eye donor at the time of their death. Advanced age, cataracts, poor eyesight and medical conditions, such as cancer, do not prevent you from donating. Cornea's are used for transplants, while the Sclera is used for Glaucoma stents. Anyone of any age can donate. A patient's income, race or social status are never taken into account when determining one's place on the waiting list. The first priority of the medical professional is to save lives when someone is sick or injured. Costs associated with donations are never passed on to the donor or their family.

Becoming a donor is easy. Just mark YES at the DMV when getting your driver's license/permit—OR—Register online at [IowaDonorNetwork.org](http://IowaDonorNetwork.org), then be sure to tell your family of your decision to ensure your wishes are fulfilled when the time comes.

**Organ donation is not a tragedy, but it can be a beautiful light in the midst of one.**

## Upcoming Flu Shot Clinics—yes it's that time of year again!

Flu shot clinics will look different this year. This year the hospital will be utilizing the Pod Dispensing method (which is a technique used with emergency services). This will be a good test of the effectiveness of Pod Dispensing. **This year's Flu Clinics will be held in Classroom 2HA&B September 25-27th.** The Clinic will be open from 6am-6pm. Our goal is 90% participation. If your volunteer position has you working directly with patients, you are required to have a flu shot in order to work. There will be alternate options if these dates do not work.

# Construction Season at Jennie

by Jill Killion, Director Foundation & Volunteer Services

Looking around our campus you will see we have a lot going on. There are construction cones all over the place! The new Medical Office Building is progressing quite nicely. It was just a short year ago that we broke ground on the site and today the outer shell and parking lots are just about complete. It won't be long before they focus all of their attention on the interior spaces, with the grand opening slated for April.

If you traveled to the hospital over the past several weeks, you experienced "creative routing" both into, and out of the facility. The driveway to the 201 Building was torn out and replaced, making for 2 weeks of interesting traffic flow. In addition to the driveway closure, sidewalks from the staff parking lots were also closed, adding a lot more steps to and from the hospital. Though no official announcement has come from HR, I suspect this is part of the hospital's new Wellness Plan for its employees. This did occur the same week as the Health Screenings, so it is a bit suspect—just saying!

Our primary water source has partially failed too many times in the last year, so it's time for a total replacement. As a hospital, we are used to doing total replacements (joint replacements that is), but we are not used to being on the receiving end. The same week we started the driveway renovation, we started digging in front of the Healing Garden to replace the water main. By the looks of the hole, we may have hit China! This process took almost three weeks to complete (two weeks longer than anticipated) and also messed with the traffic flow for drop offs and pick ups at the West Lobby.

# Hospital Happenings by Jill Killion

In June it was announced that the Methodist Physician's Clinic Women's Center would be expanding. As of July 1, Drs. Norman Ferrer and Erick Schulte joined the practice, as did Certified Midwife, Desiree Hericks, and Nurse Practitioners, Melissa Hynek, Rebecca Leaders and Stephanie Revord. Along with the new provider additions, Dr. Tana Perry joined the practice September 1 following her residency from KUMC. The entire second floor of the new Medical Office Building will house the MPC Women's Center. MPC Women's Center will provide high quality care with services such as OB/GYN. They will continue to serve the high risk OB population with Perinatology and an Imaging Center that includes ultrasound, screening mammography and DEXA imaging.

Our birth numbers have increased over the last year. As I write this article, there are 10 mom/babies in house this morning (yes, it was a full moon). Last year at this time, there were 4 mom/babies. With the addition of 3 more OB/GYNs, two of which have well established practices, our numbers are expected to dramatically increase. As a result, the Methodist Jennie Edmondson Board of Directors has approved an extensive remodel of the 5th floor that will become the new home of the Birthing Center. The pictures below show the current state of the 5th floor—talk about "Back to the Future"! The construction crew will begin work in September with completion slated for early fall next year. I'll be sure to keep you posted with pictures as we move through the process. Jennie will soon be known as the hospital of choice for "moms-to-be" in Western Iowa. Needless to say, the Birthing Center staff, and MPC Women's Center are extremely excited about this new project!

# Spirit of Courage

What a beautiful weekend we had for the 2019 Spirit of Courage! The forecast at the beginning of the week looked questionable, but by the time the weekend rolled around, it was Chamber of Commerce weather! The Celebrity Weekend kicked off on Friday evening at the home of Scott and Susan Hartman, where they hosted a pool side reception for this year's Spirit of Courage honorees; Deb Bladt, Dr. Darcey Butts, Bobbi Calderon and Bob Steele.

Host couple Scott & Susan Hartman

Honoree Dr. Darcey & Jacquie Butts

Honoree Deb & Dave Bladt

Honoree Bobbi Calderon and her entourage

Saturday started out with a 9am Shot Gun Start for 174 golfers. In addition to a fun day of golf, the course also featured several games sure to improve the day's overall golf score. Dan Green was closest to the pin on hole number 5, and won a car (not a new one, but still it's a car) compliments of McMullen Ford.

Just prior to the start

Volunteer Caddy's

Dan & Scott McMullen hand over the keys

And the lucky winner is Dan Green

Silliness on the course was the theme for the day. It's safe to say...a good time was had by all!

Festivities continued into the evening at the MidAmerica Center where over 600 guests and celebrities helped celebrate our four honorees. The hall was decorated in white roses and purple orchids, while the walls were lined with silent and live auction items. As usual, our hospital staff did an outstanding job providing auction baskets. They can always be counted on to come up with great package ideas that get the bidding wars going. Sunday we were back at it again with the Poker Tournament, and before we knew it, the weekend was over. As you can imagine, it takes a lot of people to pull off an event like this. In addition to the countless hours logged by staff, there were 120 volunteers throughout the entire process who donated just shy of 700 hours, allowing us to pull off this fantastic event. It truly takes a village—and we've got a pretty good one at that! Thanks to all of you who were there working right along side of us!

2019 Honorees  
Dr. Darcey Butts, Deb Blatt,  
Bobbi Calderon and Bob Steele

All ready for the  
guests to arrive

Auction items on display and  
ready for the bidding to begin

Ever wondered what goes into planning a huge fundraiser? Months before the event, the SOC committee is busy asking for auction donations from individuals, businesses and of course our partners at Jennie. As the event draws near, auction items arrive and are photographed and categorized for the online auction database and for placement at the auction. Two days before the event a U-Haul truck rolls up to the loading dock where items for the golf outing (tents, tables, coolers, banners, chairs and tubs of supplies) are loaded onto the truck before auction items and staging supplies fill the remainder of the truck. A small army makes many trips to the loading dock to complete the loading process, only to unload it all at the MidAmerica Center where another group of workers are there to begin the staging process. Once auction items are off the truck, the remaining supplies head off to the golf course to be staged on the course early Saturday morning. On Sunday morning, carts and carts of supplies make their way through the hospital halls on their way to storage for next years event. Keep your calendars clear for August 1, 2020 and we'll do it all over again—hope to see you there!

Auction items ready to  
be loaded onto U-Haul

Golf Course items  
ready for U-Haul

All loaded and headed to  
the MAC and Golf Course

Let the seemingly endless  
display process begin

## Cancer Center Celebration by Michelle Kaufman, Director Cancer Services

Methodist Jennie Edmondson Cancer Center celebrated cancer survivors and their caregivers June 3-7, 2019, to commemorate National Cancer Survivors Day held annually on the first Sunday in June. We hosted a whole week of special activities for patients living with cancer that included cookies, flowers, donuts, coffee/smoothie bar, yogurt and granola, all generously provided by sponsors. We also had personnel from local support organizations on hand to provide information and offer additional services.

The cancer center also hosted the 23<sup>rd</sup> annual free Skin Cancer Screening in June. This was an amazing event in which 6 providers, 26 hospital staff and 4 volunteers volunteered their time to screen 198 individuals, 80 of which were determined to need additional follow-up care. This is truly a testament to purpose, worthwhile work, and making a difference in our community. In fact, to top it all off, we received a thank you note from a participant that reads, "To all the Jennie Edmondson staff & volunteers – Thank you for your time & skills you gave for the June 27<sup>th</sup> Skin Cancer Screening. God Bless you all!!"

Drs Davey & Shehan

Poore & Jenene Vandenberg

Becky Henkel, Jean Armstrong,  
Kathy Runde

An early morning downpour gave way to warm afternoon temperatures and an absolutely fun family event for our fifth annual Wheels of Courage Car Show. Thanks to the hard work of so many, the 2019 car show was another huge success. New this year, a fire engine red, 1993 Pontiac Firebird was donated to the Wheels of Courage for the sole purpose of raising funds for the Charitable Cancer Patient Care Fund at Jennie. Raffle tickets were sold throughout the spring at the Thursday night car shows at Quaker Steak and Lube. Tickets were sold for just \$20 or 6/\$100. The car (pictured top center) was won by Jeff and Wendy Kasper who were obviously thrilled! This car show, run totally by volunteers, has become one of best in the region. There were 11 judging categories, with outside judges doing the honors. In addition, special awards were presented by prior Spirit of Courage recipients. Next years event will be June 27, 2020. We hope to see you there (minus any rain)!

# THE POWER OF PINK

## Pink Out by Katie Kyker, Development Coordinator

As October quickly approaches, we are gearing up for Pink Out! This year's theme is "The Power of Pink". Methodist Jennie Edmondson Hospital Breast Leadership Team and the Jennie Edmondson Foundation have teamed up to

provide the community with education and awareness in its fight against breast cancer. Your participation is crucial! Funds from events and shirt sales benefit breast health services provided by Methodist Jennie Edmondson.

We have several fun events planned for the month of October, including our annual Mayoral Proclamation on October 11<sup>th</sup> at Horseshoe Casino's Whiskey Roadhouse. For the second year, our Pink Out Council Bluffs Mayoral Proclamation will include the "Battle for a Cause" competition. Hosted by 101.9 The Keg's Crash Davis, organizations will be encouraged to decorate a bra or pair of boxers. Community members will get the opportunity to vote for their favorite entry. Stay tuned for more details and voting information!

Other events in October will include Pink Out Glenwood on October 17<sup>th</sup>, Pink Out Malvern on October 18<sup>th</sup>, Loess Hills Harley Davidson's "Save the Twins" Poker Run on October 12th, First Row Fitness challenge on the 19th, Pinkercise on the 19th, activities in conjunction with Home Style Laundry & Dry Cleaning and more! In addition to our many October events, we will again be selling our pink t-shirts and sweatshirts.

For more information about Pink Out events, please feel free to contact me at [katie.kyker@nmhs.org](mailto:katie.kyker@nmhs.org) or 712-396-7733. We appreciate your continued support of the Foundation and MJEH patients!

## You are amazing...

The Auxiliary is able to make a significant impact on the patient and family experience at Methodist Jennie Edmondson Hospital because of YOU, our amazing volunteers. But are you aware of all the programs and services that are made possible because of your service? In 2018, the

Auxiliary raised over \$186,000 through Jennie's Gift Shop sales, Pharmacy Annex sales, Auxiliary Year-end Giving Campaign and funds raised through Spirit of Courage related activities. These funds were used to support the ongoing operation and maintenance of the Medibus transportation system. It paid off the Auxiliary's 5 year \$150,000 commitment to help purchase the Linear Accelerator, while also funding the Charitable Patient Cancer Care Fund and providing college scholarships to 6 of our graduating teen volunteers. Now that's making a difference!

## 2019 Summer Picnic

by Jill Killion, *(that's me behind the grill)*

Once again Tish's Restaurant was the site for this year's Volunteer Picnic. The skies looked rather bleak Monday morning with the lightening, thunder and rain that rolled in at day break. As the day progressed the rain stopped, the pavement started to dry up and before long it was time to party on the patio. And what a beautiful evening it was! We were all able to fit on the patio for dinner as we ate and visited with old friends and new. Marilyn Newland, our Summer Picnic Chairperson ensured each table was decorated for summer with candy of course—because with this group, you just can't go wrong with candy!

Invitations requested each attendee bring nonperishable food items as their entry fee into the picnic, and our attendees did not disappoint! All the food that was collected went to support the "Little Free Food Pantry" located at 634 Willow Avenue in downtown Council Bluffs (just outside Refuge Church near Bayliss Park). Several times a week the pantry is replenished with nonperishable food items to be used by those in need. Thank you so much for your generosity and allowing us to support this important project once again this year!

Kathy Tisher and her crew served up another wonderful picnic meal of hotdogs, hamburgers, chips, baked beans, watermelon, with a decadent fudge brownie. If you went home hungry, you have no one to blame but yourself!

The party moved inside at 6pm as we played several rousing games of BINGO. There were 18 winners and I'm happy to say each table was represented in the winner's column. Those with multiple wins were nice enough to share their prize (of course candy) with the rest of the table. I think it's safe to say a good time was had by all. Let's do it again next year, shall we?

## Hot, Hot, Hot by Jill Killion

Maintaining office space in the oldest section of the hospital does not come without it's fair share of challenges. You'll find the office staff on the third floor ALWAYS wearing layers of clothing—no matter the season. It's just a fact of life—it will always be cool on 3F. So, imagine our surprise when one afternoon in late June, as the temps outside were topping 90° to 95°, we began to notice the tell tale signs of humidity (that's when the papers on your desk begin to curl). The prognosis was not good. Our cooling unit had lived a good life, but there was nothing that could be done to save it. A new unit was ordered and after a week of hot temps, our new cooling unit was craned into place on the roof. The picture at left is of my office with a portable air conditioner that generated as much heat as cool air. I'm happy to say, the layers of clothing are back, and life is good once again on 3F.

# MARK your CALENDAR!

## PINK OUT COUNCIL BLUFFS

### OCTOBER 3

8:00pm Australian Pink Floyd Concert

*Stir Concert Cove*

Text the word **pink** to 243725 to make a \$20+ donation. Make a \$20+ gift and receive two tickets to the concert! *Limited supply so don't wait - make your donation today!*

### OCTOBER 5

11:00am-2:00pm FREE Breast Health Screenings/Health Fair

*All Care Health Center*

### OCTOBER 11

6:00pm Battle for a Cause and Mayoral Proclamation

*Whiskey Roadhouse - Horseshoe Casino, Council Bluffs*

Boxers vs. Bras - Your organization is encouraged to decorate a bra or pair of boxers to be voted on at the event!

Join our MC for the evening, 101.9 The Keg's Crash Davis!
